From our hills to your table

About us

Hebron Hills Trading Company was established in 2025 and specializes in importing and supplying high-quality cheeses. Through our Cheesly brand, we aim to serve local and regional markets with products selected for their quality and taste.

We import halloumi and mozzarella from Cyprus, a country with a rich cheese-making heritage. We select our products from certified suppliers, using natural milk and no preservatives, with quality controls for flavour, texture and consistency.

We have expanded our operations to regional markets including Jordan, Saudi Arabia, Lebanon and Iraq. Our ambition is to make Cheesly available worldwide and establish it as a global name in premium cheeses.

We serve restaurants, hotels, catering companies, wholesalers, supermarkets and confectionery shops, building long-term partnerships through reliable cheese supply.
